SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK
ON APPLICATION 050170334

REF: 2006 BLUE LANTERN GUIDEBOOK

¶1. This is an Action Request. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests AIT Taipei's assistance in conducting a pre-license check on application 050170334 for the export of a mobile optical tracking system to Taiwan. AIT Taipei is requested to complete this Blue Lantern check within 30 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

¶3. Reason for request: sensitive commodity and unfamiliar foreign consignee, U&U International, Inc. The company has not appeared on previous licenses nor have the company's bona fides been verified by a Blue Lantern check.

¶4. ACTION AIT TAIPEI: AIT Taipei is requested to make inquiries with appropriate authorities to determine if Chung Shan Institute of Science and Technology (CSIST) ordered the mobile tracking system from U&U International, Inc. (U&U) and if so, verify that the item will be used for the purpose stated on the license. PM/DTCC also requests that post conducts a site visit to U&U in order to provide Department with an assessment of its business operations and on-site security. Finally, post is asked to assess whether the company appears to be a reliable recipient of USML items. If a site visit is not possible, please inform the PM/DTCC officer.

The following questions are provided as suggested guidance:

--Does the company have supporting documentation for this proposed transaction?

--Does the company have secure facilities and proper accounting and security procedures for handling sensitive USML items?

--What is the exact end-use for this USML item?

--When was the company established and who are its principals?

--What is the nature of its business -- what type of items does it handle, does it serve as a broker?

--What type of organizations are among its typical customers and where are the customers located?

--Does the company understand the restrictions on United States Munitions List (USML) items, especially the prohibition against unauthorized re-transfer and re-export?

END ACTION
